

REBECCA LYNCH
Working Families

Video Voter Guide

General Election ♦ www.nycctfb.info/voterguide

Hi, I'm Rebecca Lynch and I'm running for City Council in Eastern Queens.

I was born and raised in Glen Oaks and have been committed to helping our district's families my entire life.

There is so much here that makes our area special: it includes great schools, gorgeous sprawling parks, and wonderful people who care deeply about our community.

That's why so many of us stay here, even as living in New York gets more and more expensive.

Since we are so far from City Hall, we're easily forgotten. I built a career fighting to ensure that government does right by working people.

Now I want to continue that work as your City Councilwoman. The communities of Eastern Queens deserve a dedicated representative who will fight for:

- more schools with less overcrowding,
- dependable transportation with more reliable buses and better roads, and a borough that's affordable for middle class seniors and families.

I've helped New Yorkers navigate city government as an Assistant Commissioner for Community Affairs, and I've been an advocate for working families throughout my career.

I hope I can count on your support. If you need more information, please visit www.rebeccalynch.nyc. Thank you.
