We are at a critical moment.

Our values, our people, and so much of what we have fought for are under attack by the Trump administration in Washington. It means here locally we all must get up and work harder, stand up and fight stronger and we must all fight against injustice everywhere and for the causes and issues in which we all believe.

I'm Bill Perkins and I'm running for the City Council because I can do more for you – more for our seniors, more for our children and more for our community. I ask for your support in this campaign and the continuing fight to knock down barriers and uplift our community.

I've been honored to represent you these past years and we've done some important things working together:

- Passed the Lead Paint Law to protect children from the deadly effects of lead in their homes;
- Fought to improve our public schools for all our children;
- Brought attention to the plague of rats in our homes and neighborhoods;
- Passed a NYC Living Wage Law and a statewide minimum wage increase.

And much more

I am excited about this opportunity to make our voices heard as your City Council member: working to make sure every child has the opportunity for a quality education and to succeed; fighting to make sure the people living in this community can afford to stay in this community; and continuing to be a loud voice for equality, fairness and justice.

I ask you to stand with me in this campaign to blaze a new trail forward. I ask you to get involved with this campaign and in the community to fight against hatred and for equality, fairness, and the progress we know is right. I ask for your vote on February 14th.

Thank you.
