

49th City Council District

Deborah L. Rose (D, WF)

I am Debi Rose and I am running for re-election to the City Council North Shore/Staten Island seat. My re-election is defined by: Accomplishment; Record; and Vision. My accomplishments include: a new school; increased waterfront access (including two new parks); and projects that stimulate economic development and job growth, including millions of dollars allocated for schools, non-profits, transportation, parks, youth and senior citizen programs, and cultural institutions. I have fought to preserve vital services in the city budget, including firehouses, libraries, pools, and after school, daycare, health, legal services, and domestic violence programs. With a solid legislative record I chair the Civil Rights committee and have oversight of the Human Rights Commission. I also sit on the Education, Higher Education, Transportation, Aging, Health, and Investigations and Oversight committees. I have sponsored legislation that ensures the civil rights and equitable treatment of all New Yorkers and I have co-sponsored hundreds of bills which improve their quality of life. My vision for a thriving, vibrant multicultural district includes a new state of the art Pre-K through 14 educational complex; increased jobs and revitalized commercial strips; further development of an East and North Shore waterfront promenade; and improved transportation, including increased bus and ferry service and continued efforts to restore transportation and other services to their previous levels.
