

## **10th City Council District**

**Francesca Castellanos-Rodriguez (D)**

Hi. My name is Francesca Castellanos Rodriguez and I am seeking the position of city council in the 10th Councilmatic district.

As a lifelong resident I have sentimental interest in our community, and like yourself I have been affected by the ineffective governance of our current elected officials.

Our community deserves better. We deserve someone who truly cares and will give back to our community and not take away from it.

We deserve someone who understands that elected officials are elected by the people, for the purpose of being their voice and advocating for the needs of their community.

As your council person I will work beside you to jointly find solutions to these pressing issues that face our district.

Issues that affect our families such as the lack of affordable housing, the lack of vocational and real world educational training for our kids, and the reduction of services for our seniors.

We deserve someone who is willing to be innovative and who understands that we need to address these changes.

As Gandhi once stated "You can be the change you want to see in the world" and your vote is the mechanism that can achieve this.

I thank you for taking the time and interest in getting involved in our community and the voting process.

I hope I can count on your vote this Election Day. Sincerely, Francesca Castellanos Rodriguez
